Brief

Seeking full time or part time position in Architectural, Urban Design, or Planning firm to practice and develop as a graduate architect. Looking for NCARB Intern Development. Seek responsibility for project management, design and production. Demonstrating excellent communication skills and dedication, I am at my best when working with a team. I believe in a strong client relationship from start to finish. Adapting fast to new environments and designs methods, I can hit the ground running. I am willing to travel and work just about anywhere in the world and embrace the opportunity to learn a new culture. My broad knowledge and skills, with several software packages, allows me the tools to bring ideas to life.
