PRESIDENT'S MESSAGE

Dear Esteemed Members of AIA Orlando,

Welcome to the AIA Orlando 2024 Design Awards of Excellence celebration. Tonight, we gather with great excitement to honor outstanding projects and the remarkable individuals who bring them to life, amid our city's captivating architectural tapestry. Orlando's architectural diversity and

creativity contribute significantly to our city's character, allowing us as architects to enhance our profession and community through our work. Together, we take immense pride in the exceptional quality of work crafted by our talented members, elevating our surroundings and enriching our collective experience.

Tonight, we come together to honor all the individuals, teams, and firms whose projects are showcased, celebrating their outstanding achievements with heartfelt congratulations. I extend my sincere gratitude to everyone who contributes to making Orlando a dynamic hub of creativity and innovation – our members who shape our built environment, the dedicated volunteers on our committees, our generous sponsors, and our diligent staff who support these initiatives.

May this celebration leave you inspired by the collective jewels of projects witnessed tonight, motivating you to aspire towards inclusion in next year's Design Awards program and leaving a lasting impact on our profession and community.

Wishing you continued good health and success in all your endeavors.

Warm regards,

Itzel Lozada, AIA, NCARB, LEED-AP
2024 AIA Orlando President

Congratulations
to the winners
of the 2024
Design Awards.

DESIGN AWARDS COMMITTEE

Welcome to the AIA Orlando 2024 Design Awards Gala!

I am delighted that you have joined us this evening to honor individuals and teams that have positively impacted our community through their service and exceptional designs. This event is an opportunity to pause, look up from our own work, and celebrate how our efforts to strive for excellence in design, both individually and collectively make a difference.

I would like to thank our sponsors who make this event possible –your support of AIA Orlando is very much appreciated!

Thank you to all who submitted projects and who are attending tonight's event – there is no such thing as an awards gala without projects to honor and people to celebrate.

What we're celebrating tonight is impressive – there is some really beautiful and transformative work being done by you all! I hope you have as much fun tonight as I will, and that you leave inspired to carry the torch of design excellence forward into next year.

Cheers!

Anne Briggs, AIA, LEED AP BD+C, WELL AP Design Awards & Recognition Chair

TITLE AWARD SPONSOR

AVCON today is a true one-stop-shop for all planning, engineering, and construction management needs. The firm has expert knowledge of Federal Aviation Administration (FAA), Department of Transportation (DOT), and Water Management District (WMD) standards and industry specifications and a strong history of implementing “practical design” in its projects.
