Blue Cord is a **certified Service-Disabled Veteran-Owned Small Business**. Reliable, efficient, and with an impressive network of resources, you will experience both the accessibility and sense of community found with a small-town construction firm as well as the sophistication and security of a large general contractor.

It is a privilege to serve our clients, and we are fully committed to these exclusive partnerships. We look forward to the opportunity to continue to improve our communities and the lives of all who live there.

835 Bennett Rd. #100, Orlando, FL 32803 | 407.425.1390 | www.blue-cord.com

PRESIDENT'S LETTER

Dear Fellow Members of AIA Orlando,

I pray that this message finds you all in good health.

Welcome to the AIA Orlando's 2022 Design Awards for Excellence celebration. I am

grateful for the countless hours of value provided by the volunteers on the Design Awards Committee, who have developed a most excellent Design Awards program.

When we engage Central Florida through our work activities, we demonstrate our value as a profession to our community, but we also have the very great pleasure of living our lives and experiencing the occasional moment of decompression (play) in this special place. In this way, our chosen path has exponential impacts as I believe we can not turn it off, and we Architects are constantly demonstrating value in every facet of our lives.

We should share a sense of pride in the quality of the designs, the talent of our members, and the values shaping our design work.

Finally, I'd like to express our appreciation for our sponsors for supporting this program. Also, please remember to reach

out to congratulate all of the individuals, teams, and projects acknowledged today for their outstanding achievements. I hope that you all enjoy ending your work week with an uplifting Design Awards & Recognitions program.

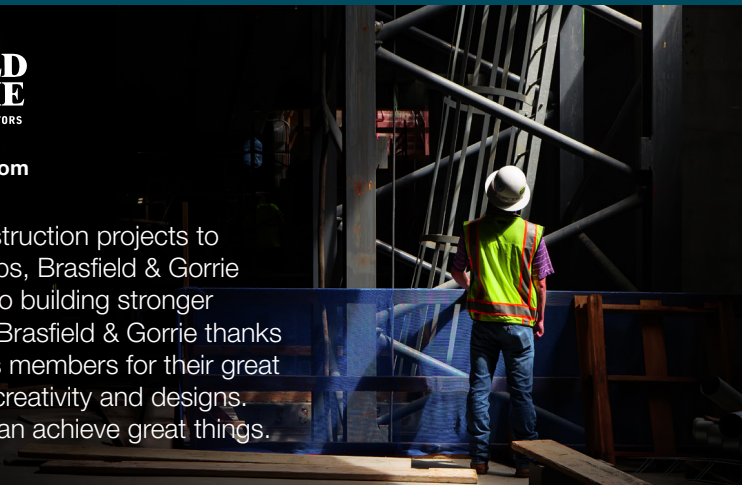

Stay safe and keep reaching for design excellence on projects large and small.

Michael Compton, AIA, ACHA, EDAC **AIA Orlando President 2022**

brasfieldgorrie.com

From our construction projects to our relationships, Brasfield & Gorrie is committed to building stronger communities. Brasfield & Gorrie thanks the AIA and its members for their great partnerships, creativity and designs. Together we can achieve great things.

DESIGN AWARDS COMMITTEE

Welcome! I am so delighted to see YOU, in person, at this celebration of design excellence. It has been a while, right?

Three years since we last held this event face to face! Much has changed in our community since then, and I'm excited to see new faces and new firms at tonight's gala, along with those familiar ones. Orlando and Central Florida are growing, and I count myself lucky to be organizing this exhibition of emerging and established design talent.

Thank you so much for joining me tonight to honor individuals and teams that created exceptional designs and made a difference in our community.

Thank you to our sponsors, many of whom committed to this event over two years ago—your support of AIA Orlando is incredibly appreciated!

Thank you to the teams and individuals that submitted—your talent and service is inspiring.

Thank you for showing up and being ready to party! We have a lot to celebrate tonight, so let's get to it!

Anne Briggs, AIA, LEED AP BD+C, WELL AP Design Awards Committee Chair

Location of Project:
Coastal Georgia

Type of Project:
Public Safety

The building is a multi-story structure with a prominent blue upper section and a white lower section. It features large glass windows and a covered entrance area. The building is surrounded by a lush green lawn, palm trees, and a parking lot with a few cars. The sky is blue with some clouds.

The exterior spaces transition visitors to the building's interior, planes & shifting masses. These folding planes accentuate the envelope of the two primary masses. This opens the facades up northern diffused light to penetrate the building through clerestory windows to multiple agencies that consist of Emergency Operations Center, Police Department Substation for the city
