- Chapter Coordinator** – Debbie Coble
- Chapter Coordinator/Graphic Designer** – Bianca Escue

CONSULTANTS

- Accounting** – Julie Hoffmeyer, Bravo Unlimited
- General Counsel** – Fred Mohre, Pearson Doyle Mohre & Pastis

MESSAGE FROM THE PRESIDENT

Dear AIA Orlando Members, Colleagues, and Friends,

It is my sincere honor to serve as your 2020 AIA Orlando Chapter President. It seems commonplace as we reflect on the year’s accomplishments and challenges by our Chapter, we make assertions that we have experienced significant changes in our organization; however, I am confident that we can all agree that 2020 is truly a year unlike any other. The upshot is that our Chapter has met the unforeseen challenges, persevered, and still found paths to elevate our growth and accomplishment. If we examine our performance as a Chapter, as firms, and as individual members, we should marvel at our many achievements. We were tested, and we prevailed over challenging conditions.

There are many examples of how we have prevailed over these times and continued to build success within our Chapter:

- Recrafting our business operations,
- Reinventing how we could bring value and resources to our members through virtual platforms,
- Developing new regional community partnerships, and
- Introducing new initiatives focused upon equity, diversity, and inclusion;

The high levels of accomplishment are a testament to our dedicated AIA staff, the leadership demonstrated by our Board of Directors, the guidance of the Orlando Foundation for Architecture (OFA) Board of Trustees, the investment by dedicated current and past volunteer leaders, and, most importantly, by the unwavering support our entire membership.

As an organization, we have continued to advance our leadership in climate action while embracing unexpected challenges that are new to us in our time and others that were unresolved. It is astonishing how we have endured some of our time’s most significant societal challenges, from a global health pandemic to a worldwide call for social equity. As an organization, it has strengthened who we are and provided us with more definition on our future goals. Our Chapter has accomplished a great many things in 2020 that have demonstrated our Chapter’s continued leadership, which is a testament to our membership’s commitment. We have demonstrated in 2020 that WE ARE BETTER TOGETHER! I look forward to the future and what we will accomplish together in the years to come.

Ronok Nichols, AIA, LEED AP
Architect | Principal
DLR Group

CHAPTER GOALS

Through discussion and consensus, the following goals were recommended to advance the mission statement:

I. ENGAGEMENT

Membership engagement and value

Facilitate the experience members want from the component through events, opportunities, benefits, and services.

II. EMPOWERMENT

Knowledge opportunities

Provide the education and resources that advance careers and enhance the architect-client relationship.

III. ADVOCACY

Government relations

Represent the interests of architects and architecture in our communities and Florida.

IV. LEADERSHIP

Leadership in architecture and association governance

Provide leadership in the community and maintain a nationally recognized component.

MESSAGE FROM THE EXECUTIVE DIRECTOR

Dear Members,

Over the past 12 months, AIA Orlando has continued to build our capacity to advance the chapter's mission and goals. While our ambitious plans to bring on two new part-time staff members in 2020 were short-circuited by Covid-19, we fortunately brought on Bianca Escue to help enhance the work of Kim Garcia, Debbie Coble, and me. This talented and driven staff team has the distinction of being the most effective and efficient in implementing and managing the vision, mission, and goals of our organization. We are truly honored to work with such forward-thinking, community minded, and goal driven individuals and leaders.

As Covid-19 began changing the world around us, AIA Orlando was among the first components to make a near seamless transition to virtual engagement, offering several townhall style meetings that actually allowed our participation to grow as engagement became easier for our members. Meanwhile, we are providing relevant, meaningful, and responsive content programming based on surveys and input from our members.

The chapter has continued to gain influence. With more architects than any other chapter, AIA Orlando remains the most powerful AIA component in Florida. Even with the pandemic, our component's assigned membership has grown to its highest historical level, bringing even more influence to our collective voice on behalf of the profession, and to the benefit of the community.

AIA Orlando is fiscally strong and growing. While the current circumstances have changed the way we serve and will impact certain aspects of our organization permanently, we view most of the changes positively. We are more nimble and versatile, our volunteers are increasingly more diverse and skilled, and our organization is better prepared to continue advancing our ideals.

As we approach 2021, we will continue to draw upon our historic influences that set the stage for success and we will advance diligently into the future to fulfill our purpose. On behalf of the staff team, I thank our members, leaders, volunteers, supporters, and community for the opportunity to change the world through the power of design.

Gary Scarboro, CAE

Executive Director

Orlando Chapter of the American Institute of Architects

2021 BOARD NOMINEES

Michael Compton Vice President/ President-Elect (3 Year Term)

Healthcare Design Leader at RS&H, Inc

I am a board-certified Healthcare Architect (ACHA), that has professional experience in many aspects of the built environment, including academic exploration and instruction, with the practical application of design and construction process ranging from initial client contact, design development, project management to contract administration. I am an EDAC Accredited Professional, and a very strong proponent of evidence-based design practices, and teachings in the design community. I demonstrate the ability to absorb abstract problems, represent the problems with sets of multidisciplinary decision criteria for solutions guided with integrated clients, resulting in a collaborative project to exceed all expectations. Understanding the spoken objectives relative to program, code, and budget opportunities while interlacing industry-leading research and application of value-added design responses. The ultimate goal is to provide successful design solutions benefiting not only the client’s programmatic needs but the best healthcare space for patients and families.

Holly Stenger, AIA State Director (2 Year Term)

Senior Architect at WDW Architecture & Facility Engineering

Holly Stenger, AIA, is a leader with a strong commitment to the community as an architect, educator, and active member of the profession. As an architect, her influence on policies and projects within Central Florida elevates sustainability, aesthetics, safety and accessibility within the public and private realm. Holly uses her experience in service and leadership to inspire colleagues, students, and peers to raise the standards of the architectural profession and community awareness in these areas. Holly Stenger is a licensed architect currently practicing as a Senior Architect at the Walt Disney World company. Holly served as AIA Orlando Chapter President in 2017, and represented the Chapter during the 2017 National AIA Conference on Architecture, which was hosted in Orlando. Holly served as the Chair of the AIA Florida Convention Planning Committee for the 2019 AIA FL Conference, and CO-Chair with Jordan Yee, AIA for the 2018 AIA FL Conference; She has been a member of the Florida Architects’ Political Advocacy Committee (FAPAC) since 2018; and in 2018, was on the AIA Florida Professional Development Committee, and helped create the AIA Florida Jacob Leadership Institute Program which started in 2019. Holly was previously elected AIA State Director for the 2014-2015 term. During her term, she served on the AIA FL Communications Committee, Governmental Affairs Task Force, and has participated in Legislative Day.

Herbert (Tommy) James Secretary (2 Year Term)

Professor for UCF Architecture & 2+ Community Studio

As a full-time professor of architecture at the University of Central Florida, I take pride in bringing my years of working in the field to the students. My philosophy and research of design have always been rooted in the human experience of the built environment. Having expertise in healthcare to hospitality & entertainment, I believe creating quality places for personal and social growth as well as programmatic efficiency is the true measurement of successful design. Just as rewarding is educating my clients through project processes, finding solutions with evidence-based practices, and finishing with economically prosperous projects. Founding 2+ Community Studios has also given opportunities to focus on collaborative placemaking projects in our Central Florida community by adding value to the local built environment.

2021 BOARD NOMINEES

Samantha Scime, Assoc. AIA Secretary (2 Year Term)

Designer at KMF Architects

Samantha Scime, Assoc. AIA, earned her Master of Architecture degree from the University of Florida at CityLab – Orlando. She gained 3 years of owner’s representative experience while working with the project management team of Facilities Planning and Construction Department at the University of Central Florida. She currently works as a Designer at KMF Architects in College Park. Samantha’s natural creativity, curiosity of human behaviors, and understanding of spatial relationships combine to develop unique and creative solutions specific to each project and client. In 2020 Samantha was appointed as WIA-O Chair and has led this Committee in creating new initiatives and programs that promote female leadership within the architecture profession, by providing networking opportunities, mentorship, public outreach, and increasing visibility of women in the construction industries.

Timothy Johnson, AIA, NOMA Director At Large (2 Year Term)

Deputy Director of Economic Development for the City of Orlando

Tim Johnson- Attended Florida A&M University School of Architecture- Two Degrees in Architecture Moved to Orlando in 1988, and was hired by VOA (Hired on the first interview) Has been a member of AIA Orlando since 1993. Started in private practice in 1991 as TimJohnson Architects Joined the City of Orlando in 2002 as the first City Architect Appointed to Division Manager for Permitting by Mayor Dyer in 2004 Promoted to his current role as Deputy Director of Economic Development in 2017; He works with large projects developing within the City of Orlando. He is a charter member of NOMA Orlando and serves as the President Married with two adult sons and a daughter who is a freshman in college.

Itzel Lozada, AIA Director At Large (2 Year Term)

Healthcare Project Architect at RS&H, Inc

I am Itzel Lozada, a healthcare architect fortunate of practicing architecture for over 20 years. I have worked for several firms in Miami, West Palm Beach and Orlando where I was engaged in different project types since I graduated from FIU with a master’s degree in architecture back in 1999. Halfway through my career I discovered that healthcare architecture was my true passion and happy to be involved in designing and managing healthcare projects throughout the Florida region. I am also the proud mother of an 18-year-old new UCF sophomore this year. As a family, we enjoy many activities together like shopping, traveling, and hosting many get togethers with family and friends. With my daughter now in college, I spend most of my spare time with my husband and lifelong partner. We spend lots of time together from doing DIY projects around the house to simply enjoying a good movie.

Bill Collester Allied Director (1 Year Term)

Department Manager – Facility Services at Terracon

I’ve served the A/E community for the past 5 years directly with Sika and now Terracon, and indirectly for 20+ years in the Construction Industry. As a member of AIA I’ve participated in the Allied Committee, helped the Membership Committee deliver Resource Guides, Sponsored Events, Rented AIA Space for Corporate Meetings, Promoted AIA in Social Media outlets, I helped start the Premier Partner program with my sponsorship with Sika and have now continued that commitment with Terracon. I’ve served on the Golf Committee and been the Main Sponsor once for the Golf Tournament. I was part of the team that lead the initiation of the BEC Orlando Committee which has been approved by the AIA Orlando Board.

Dean Hill, ASLA, CGP Allied Director (1 Year Term)

Design & Sales Consultant at Rep Services, Inc.

Dean is a Design and Materiality Consultant with Rep Services, Inc, a family owned manufacturing representative company covering the state of Florida. Prior to his work with RSI, Dean spent 10 years in the green wall industry as the former Vice President of the Business Development and Corporate Responsibility Division for greenscreen®, a 3 dimensional, modular, green wall trellis system product manufacturer in Los Angeles, CA. Dean’s initial position with greenscreen® was as Director of Sustainability, where for 9 years he was charged with formulating the corporate environmental agenda and implementing sustainability initiatives that reinforced greenscreen®’s market share and leadership position. Dean is a full member of the American Society of Landscape Architects (ASLA) and has served on various ASLA national committees and juries for 20 years. He is a past president of the Indiana Chapter (INASLA) and has served on the INASLA Executive Committee as well as various committees. Dean also served as the VP of Programs with the Southern CA Chapter and recently completed a two term as the Orlando Section Chair for FLASLA.

Laura Lewis, P.E. Allied Director (1 Year Term)

Senior Structural Engineer at BRPH

Laura is a registered structural engineer and special inspector in the State of Florida and has been practicing engineering for 22 years ... designing and leading the design in a variety of projects in healthcare, office, hospitality, themed entertainment, industrial and multi-use market sectors.

Amanda Short-McPhee Allied Director (1 Year Term)

Administrative Assistant at Core Roofing Systems

Originally from Maryland, Amanda grew up in Central Florida. Watching her favorite uncle draw architectural plans ignited a passion for the profession and the built environment from a young age. She is currently working as an administrative assistant with Core Roofing Systems and has been active with AIA Orlando since 2019, participating in and planning multiple events. In her time as an allied member, Amanda has served on the WIA Orlando and golf tournament committees. She is a dedicated wife and animal lover, whose hobbies include architectural photography and reading.

Amy Neumann Allied Director (1 Year Term)

Architectural Sales Manager at Rockfon North America

I have been part of the world of Architecture for over twenty years. I have maintained my Interior Design license (as well as my Florida Educator’s license) for many years – vowing to stay true to my passion(s). I am very active within the design community. I participate in events and supporting their education by delivering the required CEU credits needed for their Licensure Renewal. I am passionate about Rockfon and the power of stone. I have been located in Florida for over eighteen years and have been active in Florida Chapters of AIA, IIDA, CSI, FEFPA, FHEA, NEWH & IDCEC and IIDA at Corporate levels.

GUEST LECTURE – FEATURED FIRM OF THE YEAR

**Stephen Cassell, FAIA,
Principal of Architecture Research Office,
Winner of the AIA 2020 Firm Award**

Architecture Research Office (ARO)

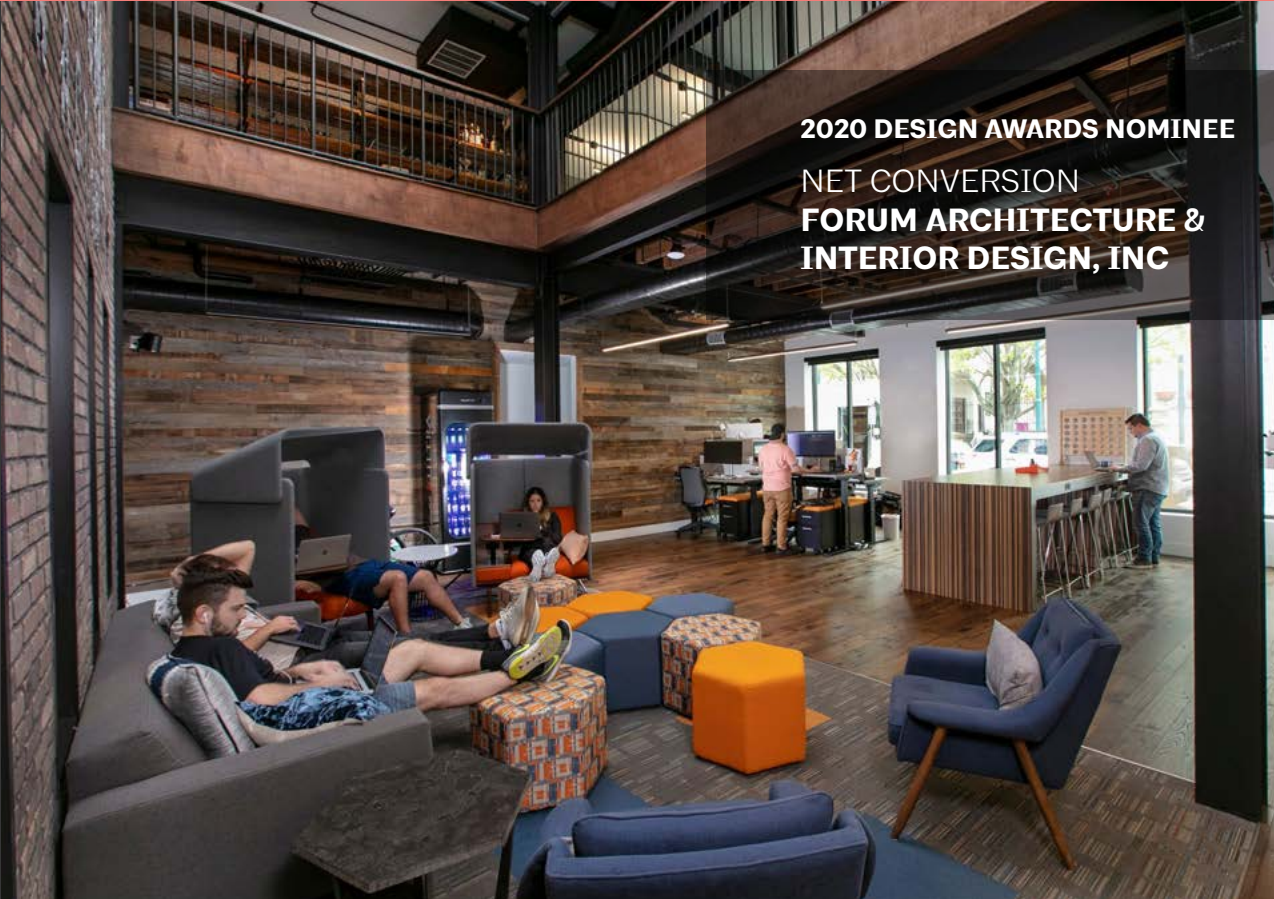

Stephen Cassell, FAIA, is a Founding Principal of Architecture Research Office (ARO), a New York City firm dedicated to an architecture that unites strategy and intelligence with beauty and form. ARO's diverse body of work—spanning strategic planning, architecture and urban design— has earned the firm over a hundred design awards including the 2020 AIA National Architecture Firm Award, AIA New York State Firm of the Year Award, and the Smithsonian Cooper-Hewitt National Design Award. He holds an undergraduate degree in architecture from Princeton University and received his Master of Architecture from the Harvard Graduate School of Design. He is currently an Adjunct Associate Professor at Columbia University. He has taught at numerous schools of architecture, including Harvard, Princeton, MIT, and Berkeley. He has lectured widely throughout the United States and abroad. Stephen is the former Chair of the Board of the Van Alen Institute.

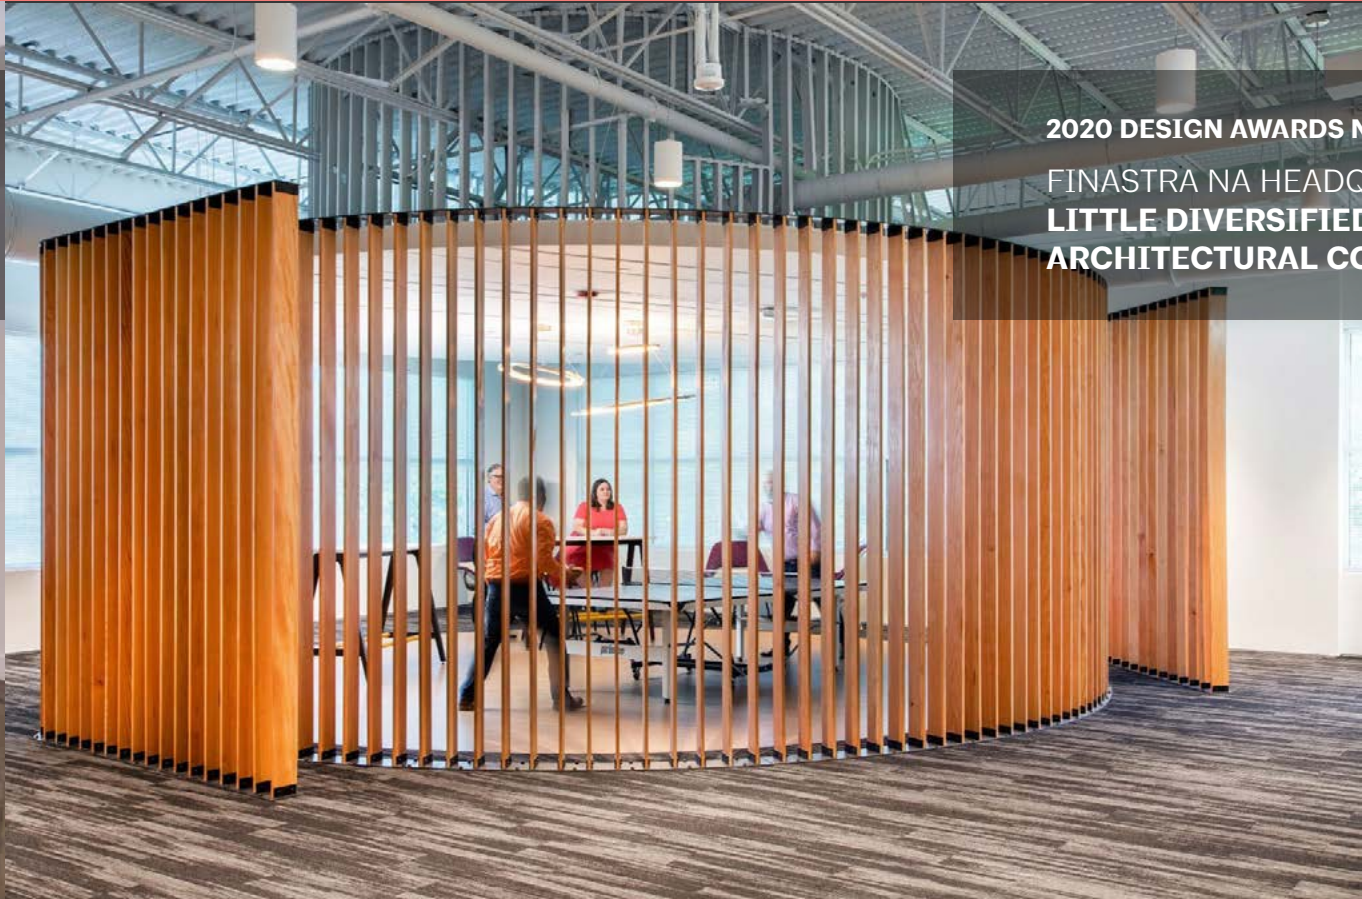

Architecture Research Office (ARO) is the New York City firm led by Stephen Cassell, Kim Yao, and Adam Yarinsky. Since 1993, ARO has earned a reputation for architecture that unites beauty and form with strategy and intelligence. The firm's diverse project portfolio— spanning strategic planning, architecture and urban design—is united by a principled and engaged approach to design, collaborative process, and technical precision, always in an effort to achieve the greatest aesthetic impact with the fewest natural and financial resources. This philosophy has earned the firm over one hundred design awards including the 2020 AIA Architecture Firm Award, the AIA New York State Firm of the Year Award, and the Smithsonian Cooper-Hewitt National Design Award for Architecture.

The Orlando Foundation for Architecture's purpose is to promote public awareness, appreciation and enjoyment of the built environment, advocate for the preservation of historic architecture, demonstrate sustainable practices, offer scholarships for architectural education, and promote diversity in the architectural community.

The Foundation provides college scholarships to students that participate in the 2+2+2 program at Valencia College, UCF, and UF City-Lab Orlando.

Through educational programs, tours, exhibits, and events, the Orlando Foundation for Architecture promotes public understanding and appreciation of architecture and design. It inspires creativity and exploration of architecture, engineering, and design. Programs, exhibitions, and events take place at AIA Orlando and in schools and community sites throughout Central Florida.
